## About

KGPR-FM broadcasts Great Falls, Montana at 9500 watts effective radiated power on 89.9 MHz. Our studio is located at Montana State University – Great Falls and is licensed to the Great Falls Public Radio Association room (GFRA), a non-profit organization whose mission is to provide broadly balanced news, educational, cultural, and public affairs programming to North central Montana.

Our on-air support staff is comprised of volunteers, who give their time and talent to make KGPR a truly diverse broadcast service reflecting our region. The operation of KGPR is made possible through the generous support of listeners and underwriters.

## GFRA Mission

Our Mission is to provide vital news, educational, cultural, and public affairs coverage without direct charge to the listeners while maintaining the technical standards and competence necessary to carry out this mission. In addition, it is KGPR's goal to offer broadly balanced programming. Public radio is and should continue to be a major forum for the development of cultural diversity and enrichment in the listening area. (Adopted February 5, 1990)

If you have a PSA you would like included in our KGPR Community Calendar and read on-air, email us or leave a message at 268-3739. Please submit your announcement 7 days in advance.

## Underwriting

By underwriting on KGPR, you can affordably reach your target customers with more immediacy and impact than any other form of media. Your business and your community benefit when your message is aired in a non-commercial, non-competitive manner and format that sets you apart from traditional advertising. In addition, your underwriting shows your support for listener-supported, commercial-free public radio and you can express your interest in community service and cultural endeavors.
